

To view images in a photo album:

Click on the image of a photos album just once

1. Click on a thumbnail image on a photos page just once.
2. Click one of the view options above the image to change the viewing format.

- Browser button:** Click to see all photos. Scroll through small thumbnails of photos at the top by clicking the right and left arrows. Click a thumbnail to see a larger view of it below the thumbnails.
- Detail view button:** Shows images one at a time; you can click through them using the Next and Previous links below each image.
- Play Slideshow:** Click to play an automated slideshow of your images. You can also use the Pause, Forward, and Backward buttons to control the slideshow.
5. Click “Back to Album” from any view to return to the photos page.
 6. Click “Back to Index” from the photos page to return to the photo album page index
